

In Mathematics we will...

Join in with number rhymes.
Count to ten and beyond.
Sort and talk about objects.
Describe shapes in patterns and models.
Use language such as add on and take away.
Recognise numerals
Describe shapes
Problem solving with patterns

In Understanding the World we will...

Be curious and interested in the surroundings.
Talk about family life.
Learn about celebrations from a range of cultures.

We will make...

Friends!
Pictures of ourselves.
Firework pictures
Cakes
Christmas cards
Calendars

We will...

explore the school grounds, local area and buildings.
Visit the local church for a carol service

In Reception our themes for the Autumn term are..

It's all about me! Sensational Superheroes Celebrations

In Physical Development we will...

Begin to correctly hold a range of equipment.
Show control and co-ordination with a range of movements.
Talk about ways to keep healthy and stay safe.

In Communication and Language we will...

Practise our listening skills.
Begin to learn the sounds and formation of letters.
Practise our reading and writing skills.
Share and begin to learn stories.
Practise hand control (fine motor skills)
Talk and listen to our friends.

Our homework is to...

Practise our reading at least five times a week and have this recorded in our 'Home/School books' to receive a sticker in class each week.
Practise learning the letter sounds and reading the tricky words from our Sounds and Tricky Words card.
Practise writing our names.
Practise counting aloud and counting sets of objects.
