

In **MATHS** we will be studying a number of areas including: fractions, geometry, measurement, statistics and arithmetic.

In **SCIENCE** we will work scientifically on a variety of challenges to learn about the wonders of light, including reflections and shadows.

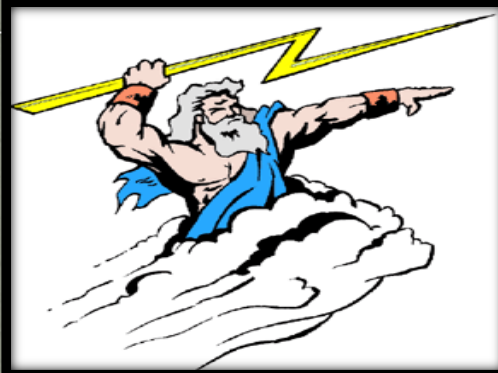

In **ART** we will look at images of the Easter Island carvings and use this for inspiration when making our own authentic 3D head of a God or Goddess. We will design our own Greek pots. Make 3D maps of Ancient Greece.

Juniper and Beech Class

Our theme this term is

Gods and Mortals

We will be learning about...

In **ENGLISH** we will be writing for a range of purposes including poetry inspired by Ancient Greece. Writing profiles for different Gods and Goddesses, with a view to inventing their own God to star in their mythical stories. Also a visit to the library so children can research using many forms of information. Children are expected to read for 20 minutes every night and quiz regularly.

In **RE** we will be learning about churches and what happens inside them, features of churches including symbols.

In **PE** children will link athletic work with Ancient Greece and the Olympic Games. They will need to have the correct PE kit of a red t-shirt, black shorts and black plimsolls/trainers in school at all times.

In **COMPUTING** children will be using the internet as another source for researching information on Ancient Greece. We will be focusing on programming and algorithms.

In **HISTORY/GEOGRAPHY** children will study life in Ancient Greece, they will place and date significant events and look at how they influenced the western world.
