

In maths we will focus on...

Measurement – length, capacity and weight. Comparing different measurements and using different resources to measure.

We will also be focussing on the different operations and using formal written methods to solve problems.

Problem solving and reasoning skills will also be developed.

In PE we will be focusing on team work through different challenges and team games.

We will also be working on hand eye co-ordination through tennis skills.

In English our focus will be...

How to write and identify the text features of poetry, fiction and non fiction texts, such as recounts. We will be developing our use of vocabulary, adjectives, adverbs as well as how to use a range of punctuation and grammar skills correctly.

Spelling will be a key focus this term as well as reading and writing for longer periods of time.

In science we will be learning about...

Animals and their habitats as well as minibeasts and their microhabitats.

Scientific investigations will continue within lessons and understanding how to test predictions.

In DT we will be constructing parts of a castle and using clay.

In art we will be using different skills and resources to create collages and applying different art skills to plan and create chalk

In **RE** we will be looking at different religions and their special ways of living.

Year 2 Hazel and Willow
This term our topics are
**Towers, tunnels and turrets
and Animals**

In Geography we will be focusing on...

Africa. We will be looking at the weather, the landscapes and the geographical features in comparison to Europe.

In History we will be looking at historical figures in the monarchy and the impact they had on our country. We will also be learning about Nelson Mandela and the impact he had around the world.
